This sample provides an editorial structure for a future organisation-approved constitution and manifesto. It is not an official constitution and should be replaced from the Admin Panel with verified material.

Vision

To present a coherent, accessible and well-managed public information portal for organisational principles, services, publications and community updates.

Working principles

Principle	Editorial sample
Clarity	Public-facing documents should use plain language and clear headings.
Accountability	Published material should have an approved author, date and source.
Accessibility	Readers should be able to read documents online or download the original PDF.

Using this sample
